

Bespoke window and door solutions for replacement and new build School Building projects.

School Windows Cost Plan Support & On-site Consultation

School Buildings Summer Works Scheme Made Simple

Delivering your school building project with minimum disruption involves meticulous planning and commitment from all trades involved. Making the right choices in material and design is vital as is choosing the right partners to work with.

Our effective **5 Point Window & Door Procurement Programme** allows adequate time for preparation and reviewing of tender documentation to support you with cost planning and value engineering for your Summer Works Scheme. We are committed to quality service which makes specifying and procuring windows and doors simple for you.

1. **On-site consultation** - preliminary site visit to measure openings and discuss requirements.

2. **Cost plan support** - detailed proposal/value engineering, including for removal of original windows and doors, design, manufacture, supply & installation.
3. **Technical/Installation methods** - provision of shop drawings illustrating installation details and performance characteristics.
4. **Place order** - detailed order form and reliable lead-times.
5. **Programme schedules** - based on vast experience of installing windows in occupied schools and working to strict time lines within challenging environments.
